OCT 15

11AM - 5:30PM
ULLMAN HALL

ENTRY FEE

\$10
PER PERSON

THREE WILDFIRE FILMS ♦ PANEL DISCUSSION WITH LOCAL EXPERTS
INFO & RESOURCES FOR LIVING WITH WILDFIRE

THE WEST IS BURNING

11:30am - 54 min

Raises awareness about the conditions of forests in the western U.S., examining the history of forest management and litigation that has led to catastrophic fire nearly year-round. The film explores the potential to generate positive change in our forests, watersheds, and communities, both rural and urban.

THE FIRE LINE

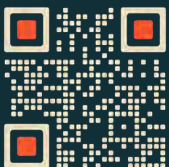

1:15pm - 28 min

Tells the story of wind-fanned flames racing through Colorado neighborhoods in and at the edge of dying forests, killing people and breaking records for destruction. With more people moving into 'red-zone' areas, how do we prevent these high-consequence fires from continuing to burn homes?

BUILT TO BURN

2:30pm - 52 min

Explores a pattern of growing fire risk due to decades of aggressive fire suppression, increasing development in fire-prone areas, and a longer, drier wildfire season due to climate change. Even so, these wildfires can be fires of choice or of chance. Can we ready ourselves to truly manage fire, or will we continue the status quo and scramble in disbelief?
